CORPUS CHRISTI 2013

The Corpus Christi Conference is **an international Lutheran summer event** for youth and young adults. The conference, which gathers participants from Northern Europe and even beyond, is multilingual, yet with **English** as the main language. **Kurt Reinhardt** from Canada will be the main speaker this year.

The conference consists of solid **Bible teaching, seminars and in-depth sessions.**

Liturgical prayer plays a big part in the event: through that Lutheran doctrine becomes Christian life. The days are scheduled around **the Liturgy of the Hours**. One goal of the conference is to make Lutheran worship familiar to the youth.

There is also **a lot of free time**, which you can spend around the beautiful summer city of Turku and get to know people sharing the same faith!

The Conference is organised by **the international Corpus Christi organization**, which is established in Sweden, and by the conference team of Finland.

INFO
